**PROVIDER BULLETIN**

**TOPIC: Lyrica**

---

Published by Wyoming Workers' Compensation Medical Case Management Unit  
April 16, 2014

---

The EFNS Neuropathic pain guidelines conclude that Lyrica has a level A (strong) evidence that it is ineffective in radiculopathy. A literature search from 2010 to current was conducted, resulting in no new studies that would change this recommendation.

Lyrica will be denied for treatment of radiculopathy.
